Become a Certified Youth Care Worker

National Safe Place Network and the Academy for Competent Youth Work are teaming up to advance the youth services field by offering the **Child and Youth Care: Foundations** course.

Participating in this course strengthens your knowledge and skills in the Child and Youth Care field. By completing the course, you will:

- Receive the benefits of high-quality, cost-effective training that builds on individual experiences of child and youth workers.
- Become part of a competent, certified group of child and youth care workers advancing the youth services field.

Individuals with varying levels of experience are welcome.

The Child and Youth Care: Foundations course is eight five-hour modules that include the following:

- Introduction to Professional CYC Practice
- Brain-based Guidance Techniques
- Communication
- Relationship Development
- Activity Development and Leadership
- Cultural Diversity
- Professional Ethics and Regulation
- Assessment and Documentation
- Developmentally Based Programming
- Group Work
- Supervising Children and Youth
